Section 3 – Vendor and Contractor Parking Regulations

- Contractors are representatives of companies involved in construction or renovation projects on campus. If parking spaces are affected by construction projects, all construction sites and staging areas must be coordinated with and approved by Parking Services. Contractors must maintain parking within construction sites and staging areas.
- Vendors are representatives of companies that maintain goods and services to fulfill contractual obligations.
- Use of Contractor/Vendor permits for personal reasons is strictly prohibited. Company representatives conducting personal business with University employees and students are not eligible for Contractor or Vendor permits.
- Solicitation on campus is prohibited.
- To park legally on campus, contractors and vendors must obtain a current UGA parking permit, park within the area designated by the permit, and display the permit while parking. Vehicles are subject to fines or impoundment if they are parked without a current permit or are parked outside the area allowed by the permit.
- Vendors should use loading/unloading zones when possible.

Section 4 – Signature

I have read and will abide by the parking regulations of the University of Georgia. I understand that providing false information to obtain permits is a violation of the University Conduct of Conduct and may result in loss of parking privileges on campus.
